## SUMMARY

Passionate and results driven React Developer with year of hands-on experience in building dynamic and responsive web applications. Proficient in leveraging React.js to create efficient and scalable user interfaces. Adept at collaborating with cross-functional teams to deliver high-quality software solutions. Committed to staying up to date with the latest technologies and best practices in web development.

## SKILLS

**Programming Languages:** Javascript, HTML, CSS

**Framework And Libraries:** React JS, Ionic Framework, Tailwind CSS, Bulma CSS

**Tools:** VS Code, Git, Github

**Platform:** Linux, Windows, MacOS

## PROFESSIONAL EXPERIENCE

### Software Engineer

December 2022 - January 2024

#### Capgemini

Mumbai, India

I contributed to the development of responsive and user-friendly web applications. My responsibilities included.

- Developing reusable components to maintain code efficiency and consistency.
- Collaborating with cross-functional teams to deliver high-quality and user-friendly products.
- Debugging and fixing issues in the codebase and integrating with RESTful APIs or other data sources.
- Using version control systems like Git for code management.

### SBM Overseas Website ( Products & Services Showcase )

October 2022

#### Freelance Project

Indore, India

Successfully spearheaded a freelance website project, demonstrating proficiency in web design and development.

- Applied a client-focused approach, collaborating closely to understand and meet specific vision and brand requirements.
- Delivered a visually striking and responsive website that exceeded client expectations, showcasing expertise in HTML, CSS, and responsive design principles.

### StoxTicker ( Stocks data Analysis App )

May 2021

#### Project

Indore, India

Led the development of a stock analysis app using React and the Ionic framework, showcasing advanced proficiency in front-end technologies.

- Designed an intuitive and responsive user interface, ensuring seamless navigation for mobile platforms.
- Leveraged React's component-based architecture and Ionic's cross-platform capabilities to create a consistent user experience.
- Implemented RESTful API calls to retrieve and display live stock market data, demonstrating a strong command of asynchronous programming and data fetching.

### Java Technology Intern

October 2019

#### Amstech Inc

Indore, India

- Collaborated with senior developers to analyze and troubleshoot code issues.
- Participated in the design and implementation of new features.
- Conducted code reviews to ensure adherence to coding standards.

### Visual Content Development Intern

May - August 2018

#### Neuratech Innovations

Indore, India

- Created visually compelling graphics and motion design elements for various marketing materials.

## EDUCATION

### Bachelor of Technology in Computer Science (BTech in CS)

Indore, Madhya Pradesh, India

Shivajirao Kadam Institute of Technology and management

August 2018 - June 2022
